NUMBER 43

Death of Mr. R. M. Hurt.

Last Saturday night, about 7 o'clock, Mr. R. M. Hurt, known all over the county as "Tobe," died at the residence of his sister, Mrs. W. B. Rowe, three miles out on the Burkesville road. He had been on the decline for several years, and while it was generally believed that the end was approaching, his going away was a surprise to all his relatives and friends.

He was one of the best known men in Adair county, a friend to every body and everybody was his friend, hence the intelligence of his demise brought tender emotions to many hearts. He had served this county as Sheriff and as deputy sheriff, and he was also in the revenue service for several years. He was a son of Y. E. Hurt, who was a prominent official of this county for a number of years, brother of Rollin Hurt, who is now Chief Justice of the Kentucky Court of Appeals. His other living brothers are Cyrus Hurt, who is in the West, L. B. Hurt, Y. E. Hurt, Jr. His sisters are Mrs. W. B. Rowe, Mrs. Jennie Johnson, Miss Mattie Hurt and one half sister, Mrs. M. E. Dohoney, who lives in New Mexico.

The deceased was sixty-eight years old and was strictly honorable from his youth, a man of courage and determination, one who kept his own counsel, but what he did he did well, hence his death removes a man who stood for the right upon all occasions. Many years ago he united with the Methodist Church living a consistent member until the final dissolution. His wife, who was Miss Mattie Garnett, died years ago. She left no children.

The funeral services were conducted Sunday afternoon in the home where he died, and his body was laid to rest in the Hurt burying grounds, near Tabor. Peace to his honorable memory.

Goes to New York.

Dr. O. P. Miller, who is a prominent physician and surgeon of this place, will soon leave Columbia, having accepted a position on a residential staff, who is in charge of a large hospital in New York, N. Y. He is a very competent physician and surgeon and he and his estimable wife will be greatly missed from this place. They leave for New York early in September. The doctor, at this time has no idea how long he will be away from Columbia.

The Lindsey-Wilson will open September 6th and prospects are good for a splendid beginning. The dormitories have been put in a good sanitary condition, and the best of water is on the grounds. The faculty is made up of experienced teachers, and the discipline is correct. The school is run economically, and the closest attention is paid students. There is no reason for parents to send their children away from home, pay high board when they have a school right at their door. The Lindsey-Wilson is a home institution and it should be liberally patronized. The citizens of Columbia and out in Adair county contributed largely to its establishment, therefore, it should be given their hearty support. What sizetown would Columbia be at this time had not this school been established here? Take in the situation and patronize the home school.

A little son of Mr. J. L. McLean got himself in a very critical condition one day last week. He was playing in the yard and came across a little metal Jack that had been lost. He put it in his mouth and it slipped down his throat and lodged. The little fellow soon became in an alarming condition, and it took heroic efforts to save him.

Gen. Jas. Garnett and Golf.

The Louisville Times of a recent date had an article on the game of golf and the wide birth Gen. Garnett had given this pastime until after he visited a picture show and saw the game played on the screen. He had looked upon it as a time killer, but after witnessing the strokes upon the screen he concluded that it was scientific and healthful and his mind was at once made up to join a club. There was a move on foot for new members on Cherokee road, and the General signed. Here is what the Times says of Mr. Garnett's first experience:

The cinema has caused the downfall of a great many persons and been the cause of many a heartbreak due to ambitions which were never realized. Judge James Garnett is the latest of these victims. The Judge, who is essentially a most intellectual person, has always looked down from his Jovian heights with the utmost scorn on the game of golf; in fact, he has always regarded the royal and ancient pastime patronizingly, indulgently, as the harmless sport of feeble-minded old duffers who have otherwise lost their usefulness in the scheme of life.

This was the Judge's attitude up to a few days ago, when he attended a local movie show where an unusual golf picture was exhibited, and he then became thoughtful and decided that there might be something in it after all. The more he thought the more determined he became to play golf himself. To keep secret the disgraceful depths to which he had sunk, he crept forth at dawn to the links, dragging a hitherto scorned and lowly golfing friend to witness how he could play golf after being shown how by the movies.

Greatly to his surprise, after several healthy swings, the ball was still on the tee; a few more violent lunges resulted in a gain of about ten yards. Everything was not so simple as it seemed after all; in fact, Judge Garnett's card read 15-12-11-18—and then he ceased to struggle. However, while his ambitions to play like the man in the picture have been temporarily crushed, he now regards golf with a great deal of respect and gives as his reason for not being able to do it just right at first that his muscles have not yet learned to co-ordinate and function in the proper manner. The fact that he has discovered an alibi so early in the game is a most hopeful symptom of the Judge's future.

The Adair County News has known Gen. Garnett all his life and in games he has at all times been extra good, but when he was a small lad, about six six years old, his favorite amusement was sticking pins. At all gatherings he took a front seat, having the lapel of his coat well supplied with the stickers. When the assembly was dismissed, he started out hurriedly, a pin in each hand, and he never missed a man, but he often heard words other than those used in a Sunday-school.

COMMISSIONER SALE.

ADAIR CIRCUIT COURT OF KENTUCKY.

H. J. Henson, Plaintiff vs. J. I. Curry, Defendant

By virtue of a Judgment and Order of Sale of Adair Circuit Court, rendered at the July Term thereof, 1921, in the above cause, for the sum of six hundred and sixty-four and 27-100 dollars with the interest at the rate of 6 per cent, per annum from the 2nd day of March 1920, until paid, and \$79.25 costs herein, I shall proceed to offer for sale at the Court-house door in Columbia, Ky., to the highest bidder, at Public Auction, on Monday, the 5th day of Sept., 1921, at One o'clock p. m., or thereabout (being County Court), upon a credit of six months, the following described property, to wit: A certain tract of land lying in Adair County Kentucky, on the waters of Sulphur Fork Creek, and adjoining the lands formerly owned by Mrs. Onie Poynter, and the lands of Mrs. Octavia Cole, Babe Burton deceased, J. E. Burton, and W. A. Coffey and Clem Burton and is about one mile southeast of Purdy P. O., and contained originally about 65 acres, but there has been sold off of same and conveyed to Green McCorkle about 10 acres and about 1 acre for a School Lot, and is the same land on which J. I. Curry now resides. Or sufficient thereof to produce the sums of money so ordered to be made. For the purchase price, the purchaser, with approved surety or securities, must execute Bond, bearing legal interest from the day of sale until paid, and having the force and effect of a Judgment. Bidders will be comply with these terms.

W. A. Coffey, Master Commissioner.

Memorium.

In loving memory of our dear husband and father, Gaither Bryant who departed this life August 1, 1920. He suffered much he murmured not. We watched him night and day. His aching heart grew less and less, Until he passed away.

Some day some time our hearts shall see That face we loved so well, Some day our hands shall clasp in his To never say farewell. And when the evening shades are falling And we are all alone, To our hearts there comes a longing If he only could be home. Sadly missed by wife and children.

I have sixty barrels of good corn for sale. 43-2t Mrs. Lillian Conover.

Died at Crocus.

Last Sunday afternoon Alice, a young daughter, of Mr. and Mrs. Bryan Miller, died at the home of her parents, a victim of pulmonary trouble. She was a bright child and was tenderly nursed by her loved ones until called from her suffering. She will be greatly missed from the home, as her parents, brothers and sisters dearly loved her. Her funeral was largely attended and there were many beautiful flowers. The entire neighborhood is in sympathy with the surviving members of the family.

Mr. T. F. Reece, who has managed V. M. Gowdy's wholesale house here for some time, has tendered his resignation and Mr. Ralph Waggener has taken his place. Mr. Waggener is well-known over this section, and will doubtless stimulate the business. Mr. Reece has accepted a position as salesman for Goff Bros., and we believe he will make them a good man.

The trial of Raymond Driscoll, charged with being one of the men who attempted to rob the Bank of Columbia, will come up at a special term of court, called for August 29th.

Known Here.

Mr. E. I. Alper, who was sixty-five years old, an optician by profession, and known to a great many people about Columbia and out in the county, committed suicide at the Willard Hotel, Louisville, last Wednesday night. When he retired to his room he was looking in his usual health. He ended his life by taking cyanide chloride, as an empty bottle of the drug was found near him. He had been living at the Willard Hotel for about two years. Six or eight years ago he quit traveling as an optician, located at Scottsville, Ky., and was quite successful in dealing in oil stocks. He informed the editor of this paper, some months ago, that he had made about twenty thousand dollars in that business, and that it was not necessary for him to longer work.

Two notes were found in his room, one directed to the manager of the hotel and the other to Mr. Jo Strull, West Market Street, who is also known in Columbia.

The note to the manager of the hotel read: "Please excuse this act of mine. Phone Joe Strull, City, 1454, and he will settle my bill and take care of my remains."

"Respectfully

"E. I. Alper."

It is believed that he had been dead several hours when found.

Mr. Alper was a Hebrew.

Presented a Saddle Horse.

It is known, that very recently, Dr. L. C. Nell, of Gradyville, had about one thousand dollars worth of stock, mules and horses, killed by lightning. In the number was his saddle horse. The sympathy of the doctor's friends went out to him from all over the county. A few days ago a saddle horse was purchased from Mr. L. B. Hurt for \$140 by ten of Dr. Nell's Columbia friends, and on Friday it was delivered to him. The doctor was able to meet his losses, but this act upon the part of special friends, was most gratefully appreciated, and the donors will ever be remembered.

To Be Re-Organized.

A meeting was held at the Methodist Church last Tuesday evening to consider the advisability of reorganizing the Adair Co., S. S. Association. Representatives from the various churches were present. After discussing the subject, it was agreed that it would be wise to reorganize the work. Rev. Jesse Murrell was chosen temporary Chairman, Miss Sallie Baker, Secretary. It was decided to hold a meeting at some point in the county during October, at which time it is hoped that every school in the county will be represented. There will probably be a State worker present at that time. H. C. Baker, R. V. Bennett and Z. T. Williams were appointed a committee on program and arrangements.

The Secretary requests that each school in the county send in at once the name of Superintendent and average attendance.

Oil Rig Removed.

Mr. T. A. Sheridan, who has been operating near the Mouth of Greasy Creek, in Russell county, and who pulled up and removed his machinery to this place, has removed his rigs to Cumberland county, and will put down three deep wells. The first well will be drilled on the Smith lease, the second, on the Norris lease and the third on the Traylor lease. These leases were purchased by Mr. Sheridan from Richardson & Goff, this place. Mr. Sheridan has first class machinery and he proposes to put down three deep wells. The work will start the latter part of this week. They have already commenced refining gasoline in the Creelsboro Field. The smallest unit is now going and a larger one will soon be in operation. Quite a number of operators were in the Creelsboro Field last week, and it is said that at least a dozen wells will be started in a very short time.

For Sale.

Rev. L. B. Hart was greeted by a large audience at the Presbyterian church last Sunday forenoon, and as usual he delivered a very entertaining discourse. His sermon at the evening hour was also very helpful. As a minister, he is very much liked here by the congregation and also members of other Churches. He is not only a preacher but is a teacher. He resides at Greensburg and preaches for three Churches.

The Adair County News has been unusually busy for the past month, and the office is crowded with work at this time. Four hands are constantly at the cases and are turning out work as fast as possible. Hand in your work. It will not be long before it can be reached.

Mr. Wilbur Smith, who lives a few miles out of Columbia, came to town Monday night to see relatives. He hitched his horse near the residence of Mr. W. C. Murrell and entered the home. During his stay some thief stole the saddle from his horse and also the bridle, leaving old wornout ones in their stead. Up to Wednesday morning there was no clew. It is a shame that such outrages occur in a civilized community. It is also reported that old General Drunk was in town until a late hour that night.

The following named persons were nominated for magistrate on Saturday the 6th: Geo. L. Wolford, Jasper Doss, W. T. Burton, Jo Z. Conover, Alvin Loy, Lafe Akin, W. S. Hindman, J. J. WOMEN KEENLY FEEL RESPONSIBILITY

Parent-Teachers' Associations of Kentucky United In Favoring the Two Amendments

The Parent-Teachers Associations of the state will do everything in their power to carry the two amendments to the Constitution in November by a large majority. Mrs. George C. Weldon, president, sent the statement given below to your staff correspondent:

"I am so glad to have the opportunity of saying a few words in favor of the two Constitutional amendments to be voted on at the November election. The amendment which proposes to take the office of State Superintendent of Public Instruction out of politics is of vast importance, as our school system can never attain the perfection we hope for it until we, by one united vote in November, shove politics as far away from school administration as possible. There is no more important position in the whole state than that of

Mrs. George C. Weldon.

Superintendent of Schools, and by the present school laws he must be changed every four years—no matter how efficient he is nor how able he has administered school affairs during his term of office. With each change of administration comes a shaking up in the Department of Education which is very bad for our schools, for of course each incumbent has ideas of his own which just begin to work out before the next upheaval. Our schools need the continued, concentrated thought of one able man who may succeed himself.

"When Democrats and Republicans alike agree that the proposed amendment is the only solution of our school problem here in Kentucky what need to make it a political issue, anyway? There is no party in education as received by our children.

"The amendment to re-apportion funds is also vastly important, as it seems to be the solution of the rural school problem, by giving the rural child in the most isolated district an even chance with the child in the more prosperous community.

"The women of Kentucky—on whom rests largely the great responsibility of educating the children—must avail themselves of the privilege of suffrage and must use that privilege conscientiously. Women of Parent-Teacher Associations must keenly feel the responsibility to such an extent that they will not only cast their vote for these amendments, but will explain them to others and persuade them to the same course. For the sake of our children and our friends' children let us strive to make it an overwhelming majority in November."

SCHOOLS SHOULD BECOME STRONGER

If They Are to Keep Pace With the Progress In Other Lines.

Miss Ada May Cromwell, chairman of the Division of Education of Kentucky Federation of Women's Clubs, believes a strong school system would mean greater opportunities for the boys and girls in the rural schools. In an interview with your reporter she had the following to say:

"The whole troop of care-free youngsters pass my gate when school lets out. One lassie often lifts the latch and comes in. Sometimes to ask for a drink, occasionally to bring me a note from the teacher.

"What she really comes in for is to get a moment inside my library, to touch my pens in the rack, to feast her

Miss Ada May Cromwell.

brown eyes on the rows of books in the cases and to fondle the pile of manuscripts on my desk. Her hunger is for good books, for there is talent in that small being palpitating for development.

"I trod daily the same hot road to the same district school, conducted under the same school system. I sat on the same straight-backed bench, ciphred at the same old rough blackboard and got my stockings full of the same cockle burrs at play time.

"I have been asked for my honest opinion as to the school system of Kentucky, and I write it down plainly that I do not believe that the little lassie, who lifts my latch, has one iota of a better chance than I had.

"Our standard is low. Our system is inadequate. We are not now, any more than we were thirty-five years ago, giving the Kentucky child its due, and just as I have been hampered and delayed in my life's work because of this lack, so will the lassie be hampered. So will be all the thousands of lads and lassies who are depending upon the public school for their chance.

"Take the office of State Superintendent of Public Instruction out of politics, thus we will arrive at the rudiments of a new school system which by reason of its newness and vigor will make rapid growth into a great system. "The royal road to this system lies in the adoption of the two proposed amendments to the State Constitution, which will be submitted to the people at the November, 1921, election.

"My plea to every woman in the state is:

"Make the voting for these two amendments a matter of consecrated duty to childhood. Vote for the same measure you pray for."

A modern tale of romance, the characters of which might fit an earlier century.

The Clan Call

By Hapsburg Liebe

Located in one of those feud sections of the South, where one meets that oddly blended blood of Puritan and Cavalier; where God-fearing men recognize few laws excepting those of their own making; where they read the Bible, pray for their enemies and then go forth heavily armed prepared to kill on sight; where the sufferings of the women, mother-love, wife-love and sister-love are working a change in code and gradually subduing primitive instincts.

One of the most fascinating settings for romance and adventure, it has been too much neglected. Hapsburg Liebe helps to supply the deficiency with this charming story.

KIND TO 'TRAMP'; GETS \$1,500

Generous Act of Eleven Years Ago Pays Handsome Dividend to Chicago Woman.

Chicago.—Mrs. Joseph Peddicord, 1837 South Park avenue, North Chicago, is figuring how she will spend her unexpected legacy of \$1,500 from the estate of George Foster Paddock, former millionaire banker of Watertown, N. Y.

Eleven years ago Paddock, having lost a second fortune, appeared at the door of Mrs. Peddicord's home and asked for food, drink and car fare. A drink of real Scotch whisky, a breakfast and 50 cents were forthcoming, whereupon the then tramp remarked: "I shall not forget your kindness."

When Paddock died last September, after inheriting a fortune from his brother, it was found that he had left \$1,500 to Mrs. Peddicord, who has just been notified of her good fortune.

Because of the barriers in the path to the place, the doctor tried to rent the airplane of Clyde Bangborn, but it was in the shop for repairs, and the trip had to be made on a mule.

UNCLE SAM GOES "SEALING"

Expects to Get 30,000 Pribilof Pelts in Summer Drive This Year.

Seattle, Wash.—Sealskin coats—as many as can be made from about 30,000 skins—will be the objective this summer in the government's drive on its seal preserves on the Pribilof islands, which lie in the Bering sea, off Alaska.

Slaughter of the Pribilof seals began this year in June and will continue through the summer months, it was announced here recently. Last year 28,000 seals were taken and this year it is hoped to get 30,000.

Recently the U. S. S. Saturn of the Navy department's transport service arrived here to load supplies for the annual summer campaign on the islands. The Saturn is taking to the Pribilofs eight expert furriers from a St. Louis firm which acts as the selling agent for the government.

The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach... I simply felt as if life was for but a short time. "Dips" Robbed of Haven When Art Center Moves

London. — Burlington House, the present home of the Royal Academy exhibition, does not seem to afford such a fine harvest for pickpockets as the great room at Somerset House, where exhibitions were held until 1837, remarks the London Morning Post. A wooden dado ran round the room, and when after the academy resigned possession, this was removed in the course of renovations, the narrow space between it and the brickwork was found to be stuffed with innumerable purses, ancient and modern—an eloquent testimony to successful pickpocketing and cleverness in disposing of recognizable property.

LOST 36 HOURS IN WOODS

Young Girl Turns Up at New Jersey Farm After Night in Woods.

Lakewood, N. J.—Elsie Wolke, eighteen years old, daughter of Karl Wolke, occupant of a small bungalow on the edge of the dense woods here, was returned to her parents after she had stayed for 36 hours in the woods. Searching parties of farmers and police, aided by ten dogs, scoured the woods for the girl, but were unable to find her.

Some time later she entered the home of Morris Kapaloff, a farmer, two miles from here on the road to Tom's River. Her clothes were torn and her face and arms scratched from brambles. She was unable to tell her name, but said the family letter box was 87 on the rural free-delivery route.

Kapaloff learned from the girl that she had slept during the night in a cemetery in the woods, where two parties of searchers had converged during the hunt. She was taken to her home.

CHASES BLACK CHICK AWAY

One of That Color Was Enough in This Hen's Family, So She Drives Intruder Off Nest.

Allentown, Pa.—Does a sitting hen associate ideas with colors or has she a knowledge of arithmetic.

This is the problem that is puzzling an amateur chicken fancier who is trying to practice economy while following his favorite hobby.

A Rhode Island Red hatched seven yellow and one black chicks; three days later another hen brought forth a brood of four yellow and one black chick of fluff.

For economy's sake the second flock was doubled up with the first. The mother hen opened her wings and fluffed a welcome to the newcomers and all went well until she spotted the two black chicks together. Then she saw red. One black chick was enough for her family, and she promptly pecked and chased the offending black out of her nest.

SETS ARMY HIKING RECORD

Private John McGregor Makes 500 Miles in Fourteen Days With Full Pack.

Washington.—An endurance test has been completed by Private John McGregor of the Second division, believed by veteran infantrymen here to establish a new record for long-distance hiking with full pack for the army.

Major General Harbord, executive assistant to General Pershing, chief of staff, issued the official reports of McGregor's feat showing that he covered the last 500 miles of the march in 14 days, an average of more than 35 miles a day. The entire distance covered was 1,100 miles, from San Antonio, Tex., to Denver, Colo., and was made in 40 marching days.

Col. John Marshall Martin, who was the last surviving member of the Confederate Congress, died at Ocala, Fla., on August 11th.

It has been given out, from Washington, that President Harding has selected Major General Leonard Wood to become Governor of the Philippines, and that the General has accepted.

Miss Susan MacGriffith, 19, of Livingston, Rock Castle county, has been missing for a week and her uncle, who lives in California, is searching for her. The missing girl was last seen in Cincinnati.

The nude body of Mrs. Kate Mahoney was found in a trunk at Seattle, Washington, last week. She was wealthy and had recently married. Jas. E. Mahony, her husband, is suspected of her murder.

The Louisville Post thinks it very strange that Secretary Mellon did not suggest a tax on chimneys and windows. Mellon don't care a cuss how much taxes the people pay, just so he receives his salary. He can deposit that and let the banks pay the taxes on it.

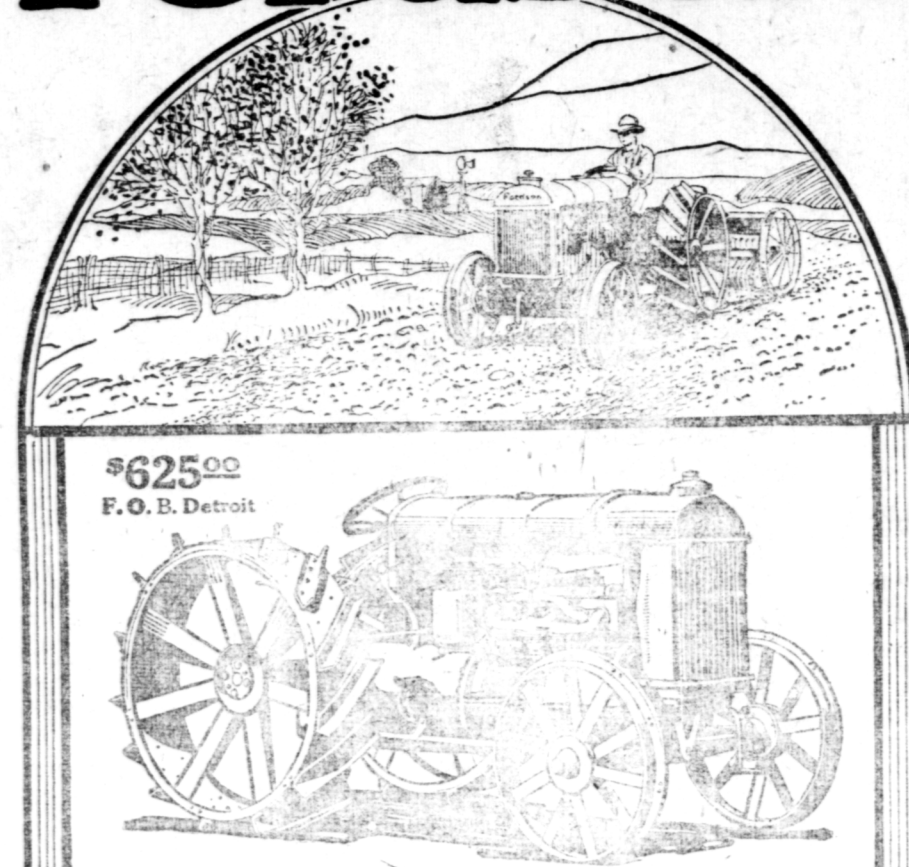

The killing of men by women has become quite common. Several were shot and killed last week by the gentler sex. Usually the woman kills her husband, or the man who had broken his promise to become a husband.

The primary being over there will not be much activity in politics in Adair county until the latter part of September. There are four contests in Adair county and they will be fought to a finish before the November election.

Overton Harris was nominated by the Democrats for Mayor of Louisville, by a very large majority. Every effort will be made to elect Mr. Harris in November. Every Democrat in the city of Louisville, men and women, should give him their hearty support. There should be a change in the administration of that city.

The editor of the Commonwealth, of Somerset, can now recall what we said to him a short ago. A party paper has no business to take sides in a primary. It does not know who will win in the nominating voting. For instance, the Commonwealth claimed the earth for Judge Bethurum, and there were many hard expressions published against his opponent, Judge Kennedy and the latter, as we

At Home and Abroad,

Lord Northcliffe, London newspaper publisher, who is "seeing America," advises Americans to travel abroad.

Good advice, provided a person has the financial means and has seen the interesting and instructive points of his own country first.

Ex-service men who have been in England, France, Belgium, Germany and other countries will tell you that foreign lands offer nothing better to see than what can be found right here in the United States.

Nature was at her best when she created this country and endowed it with its richness, and from the day of its creation it has been blossoming under the hand of God and man.

There are millions of Americans who apparently do not realize that many of the marvels of the earth are within a day or two's ride of their home—marvels that they have never seen.

As an example, of the two and a quarter million people in Chicago there are probably not over twenty per cent who have ever

seen the stock yards, and yet they are the greatest in the world. You can watch a steer unloaded from a stock car and watch it step by step until its meat is in a refrigerator ready for shipment. You can trace the path of the hide, and the tallow, the horns and the hoofs and even down to the blood and the hair, step by step until they are all turned out a finish by-product ready for the market. And yet but few Americans ever think of visiting this marvel of the age.

The stock yards are only one of the many sights to be seen in this country. It would require years of travel to see and comprehend them all.

It seems to be the custom for many people who amass a competence to rush right over to some foreign country to "see the sights," all of which could be seen at home on the screen for a few cents. They see a few things over there, and miss a lot of things over here. Often they are embarrassed to find that some foreigner who has never been here has a better knowledge of this country than they have themselves.

The fellow who rushes abroad without first knowing his own country reminds us of the poor fool who passed by a dull nugget of gold in order to pick up a scintillating piece of glass.

We have many of them.—Lancaster Record.

Assignee's Sale

OF

Land and Personal Property

ON

Thursday, August 30th

At 9 O'clock a. m.

As assignee of Frank P. Brown, I will sell to the highest and best bidder 140 Acres of Well Improved, Fertile Land in Boyle County, Kentucky, 4 miles out the Lexington Pike from Danville. The improvements consist of a two-story frame dwelling of six rooms with two halls and two porches, cellar and cistern; one large tobacco barn 64x100 feet, 20 foot boxing; another large stock barn with tile silo, 16x48; one side of this barn equipped for dairy cows; 300 barrel screened corn crib, shed on each side; a screened poultry house and other out buildings. Stock water from large pond and concrete pool. 30 acres in corn, 5 acres in tobacco, 25 acres oats and wheat stubble balance in grass. This is a splendid farm and very desirable.

At the same time and place will sell the following personal property: 1 two-year old bay gelding, 1 yearling bay gelding, 1 stallion, 1 aged bay mare, 1 pair of mules, 6 Jersey milk cows, 1 two year old Jersey heifer, 2 yearling Jersey heifers, 1 black steer, 1 grade Jersey bull, 1 registered Jersey bull, 15 shoats, 3 brood sows, 1 registered boar; 2 horse farm wagon, tobacco setter, 1 tractor and equipment, 1 cutting harrow, 2 turning plows, 1 cultivator, 2 double shovel plows, cutting box, hay frame, one horse cultivator, mowing machine, corn planter, 1 one horse planter gasoline engine, grind stone, corn crusher, slide, one half interest in wheat drill, automobile 10,000 tobacco sticks, 64 bales of straw, 31 bales oats, a lot of wagon gear, harness and small tools.

As every one knows, this must be an ABSOLUTE SALE. Somebody is sure to secure a bargain.

The land will be sold on a credit of six and twelve months, the purchaser to execute approved bonds for the purchase price bearing six per cent interest. However, there is a Ten Thousand Dollar (\$10,000.00) loan on the farm from an insurance company for twenty years, and arrangements can perhaps be made to continue this for the purchaser if so desired. Possession to be given January 1, 1922.

The crops on the land will be sold separately or with the land. The personal property will be sold on a credit of three months.

For any further information apply to the undersigned at Lancaster, Kentucky.

The average person has no idea of how great this total is. Admitting that each tire was run 3,000 miles before wearing out—a very low average—it would take an automobile 1,360,464 years to travel a distance equal to the 117,000,000,000 miles delivered by these 39,000,000 tires, provided that the car ran continuously 250 miles a day.

Recently The Goodyear Tire & Rubber company manufactured its 39,000,000th tire. This record was established in 22 years of business, but 19,000,000 of these tires were made in the last five years, during which the greatest increase in car registration has occurred and which has seen the greatest period of expansion for the company.

Concerning Woodrow Wilson and Democracy:

A short time ago a small group of Democrats in Washington decided to issue a volume which would contain a record statement of the Accomplishments of our party during the eight years of its successful regime at the National Capital, and some other documents affecting that administration, which should be made permanent and easily accessible to those who read and think.

A Book setting forth the incomparable Record of Eight Years of Democratic Rule during the most important period of the World's History.

It contains the Comprehensive Review published in the New York "Times":

The Brilliant New York "World" Editorial;

The Appreciation by Gen. Christian Smuts;

The Covenant of the League of Nations;

And other writings which you will want to preserve;

And its Reading Gives You an Answer to every question Affecting the Wilson Administration Raised Against the Democratic Party and its Leaders.

ENDURANCE TEST FOR SADDLE HORSES

To Be Held Under Supervision of
Government Agencies—Five-
Day Test Over 300-Mile
Course.

Army men and others who are alive to the country's acute under-supply of first class cavalry and general utility horses, as the shortage of them was brought painfully to light during the recent World War, are looking forward to the Endurance Test for saddle horses set for next October.

This test, designed to promote the breeding of more and better work types, and to improve the material suitable for army mounts, is to be a very severe one, conducted by representatives of the War Department, Army Remount Service and the Bureau of Animal Industry, Department of Agriculture, along with those of our great institutions maintained in the interest of pure bred horses, including the American Remount Association, Thoroughbred Endurance Test Club, National Saddle Horse Club, Arabian Horse Club of America, National Steeplechase and Hunt Association and American Hackney Horse Society. Also, its conditions make the Endurance Test of special interest to Kentuckians.

The distance (300 miles cross country) will be traversed sixty miles a day for five consecutive days, regardless of weather, over a course to be selected by the committee in charge. Each horse shall carry no less than 245 pounds, made up, according to the rules governing, of the rider's live weight, plus so much dead weight in equipment.

First prize will be \$600, the Mounted Service Cup, Blue Ribbon and the Arabian Horse Club Medal; second prize, \$400 and Red Ribbon; third prize \$300 and Yellow Ribbon; fourth prize, \$200 and White Ribbon; fifth prize, \$150 and Grey Ribbon; sixth prize \$100 and Black and White Ribbon. Prizes will be awarded on the basis of 60% for condition of the horse and 40% for speed—a standard that points to the bottom and swiftness of the thoroughbred strain as the one likely to produce the winner.

The War Department is evincing the keenest interest, because the result will further the splendid work of the Army Remount Association and the other patriotic organizations that have undertaken the work of breeding cavalry horses to answer the requirements of the army in times of peace and its imperative demands in war.

It is the opinion of experts, based on actual experience during the World War, that thoroughbred blood is necessary to the production of the cavalry mount of requisite speed, courage and endurance. Kentucky, therefore, has a paramount interest, because the fountain-head of the purest thoroughbred strain flows perpetual in this favored land of ours.

These Better Tires Are Now Lower Priced

Two important factors underlie the remarkable values now offered in Goodyear Tires and Tubes. One is the many improvements made in them during the past few months; the other is the price reductions we have just put into effect.

A conspicuous example of the values now to be had in Goodyear Tires is our clincher type 30x3½-inch Goodyear Cord Tire. This first quality product—one of the most durable and efficient tires we ever built—can be bought today from Goodyear Service Station Dealers for only

Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making
CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

Hapsburg Liebe

Hapsburg Liebe (Charles Haven Liebe), a native of the Tennessee mountains has been soldier, timberjack and sawmill man. In his education he was denied even the little red school house, his alma mater being a log structure in the hills which he left by way of a window at twelve years of age. But he had a taste for reading and has acquired a fine command of English and a writing style through study of the best authors.

At seventeen he commenced writing and turned out eighteen stories, all rejected by the editors. He was almost discouraged; but his nineteenth effort stuck with a respectable magazine. Lack of education made the way doubly hard; but now, when he sells all he writes, he will tell you that the experience was worth all it cost.

Gritty! Indeed he is! At eighteen he joined a regiment for service in the Philippines. Time to entrain found him ill with pneumonia. Against the wishes of his captain and the orders of his doctor, he accompanied the outfit, being carried to the cars by his buddies. Most of his stories are about the Tennessee and Kentucky mountaineers. They are his people and better than any other writer, he knows and loves them. "The Clan Call," his most delightful tale, will soon start as a serial in this paper. Your misfortune if you miss it.

Farmer Dehors Bull, Tossed to Roof of Barn

Gillette, Wyo.—The fact that the bull broke loose after the operation of dehorning, not before it, probably saved the life of John Cates, who was attacked by the animal in his barn near here, just after he had finished taking off its horns. Cates had the bull's feet tied, but the rope loosened just as the operation was finished and the bull went into action. It cornered Cates, tossed him to the roof of the barn, caught him as he descended, and again catapulted him against the roof. The bull's head was so sore from dehorning, however, that it then abandoned the attack, leaving Cates dazed and badly bruised on the barn floor.

Fame and fortune beckon to every man, and keep just out of the reach of most of them.

The Louisville COURIER--JOURNAL

The Great Paper of the Southland

The Courier-Journal is ably edited; it is sane and dignified in its handling of news; it is fearless, yet fair, in its editorial utterances; and it always will be found the champion of clean government.

The Courier-Journal surpasses all its competitors in equipment for getting the news of the day, because it has not only the Associated Press dispatches but the full wire service of the New York Times. In addition it maintains staff correspondents at Frankfort and at Washington.

(INCORPORATED)

J. B. Coffey, Secretary.

Gradyville

We have had fine rains for the past few days.

Our growing crop of corn and tobacco is looking fine.

Mr. G. T. Flowers, of Columbia, was in our midst the first of the week.

Mr. Keen is spending this week with his brother, C. E. Keen, in Columbia.

Mr. B. Cain received a nice bunch of hogs at this place last week, preparatory for the Louisville market.

Mr. Strong Hill, wife, daughter and son spent several days at Jamestown, visiting relatives.

Messrs. Sam Mitchell and Sale Coffey passed through here Monday en route for Edmonton.

Nat Walker, of Columbia, was shaking hands with his many friends here the first of the week.

Mr. and Mrs. H. A. Moss, of Louisville, spent a few hours here one day last week calling on their relatives.

Judge N. H. Moss is spending this week in the mountains visiting his daughters.

W. B. Hill spent a few days the first of the week at Bakerton.

Mr. and Mrs. P. Mitchell and Dr. J. A. Yates, of Edmonton, visited their uncle, Charlie Yates and his daughter, Miss Ella, a day or so of last week.

Miss Patry Walkup, of Jamestown, is the guest of Miss Ruth Hill, of our city.

Dr. Garnett Miller was called

to see several cases of fever in Green county last week.

We have heard several of our farmers predict that if the rain continues as it has for the past month, our corn crop will be much better than it was last year.

Messrs Smith & Bottom, the well-known tobacco men, of Campbellsville, was through here a week or so ago, and bought several crops of tobacco at prices from 8 to 15 cents per lb.

W. L. Grady has his last years production of tobacco prized and in Louisville. He expects to be on the market in a few days.

We are glad to note that Mr. James Keen, who has been confined to his room for several months, has regained his strength sufficient to be able to walk around his place.

Rev. Bedford Turner, of Frazer, is assisting the pastor, Rev. James Rayburn, in a series of meetings at the Methodist church, in our place, this week. The attendance is large, and there is great interest manifested, and every indication points to a wonderful revival. Bro. Turner is a very able preacher and our people of all denominations are very glad for him to be with us. Under his preaching the community at large is made better, and after he is gone from us to other fields of labor we feel the effects of his preaching.

We are glad to report the rapid progress on the pike from this place to Columbia. We under-

stand from Mr. W. L. Grady and Eugene Nell, who is overseeing the work on this end of the road that the metal is now placed on all the road half way from this place to Columbia, and is now ready to be rolled down. The road is just about completed from town to the top of the hill known as the Wilmore hill. If we can get the hands interested in the sand hauling like they have been in placing and hauling rock, inside of the next thirty days we will have a pike from this place to Mr. Shirley's farm, better known as the Dr. Hughes farm. We all will certainly be glad for we all remember the bad roads we had to contend with last winter. We will be glad for the time to come when we can get out of here in the winter.

Purdy.

Health of this community is very good at present.

Beatrice, the little daughter of Carlisle Bryant, happened to a very painful accident last Tuesday. She was riding a horse which became frightened and threw her, breaking her arm just above the wrist. Dr. Gose was called and set the broken bone. The patient is getting along nicely.

Mr. Mont Harmon and wife, and Mr. Charlie Williams and wife were in Columbia Monday.

J. B. Neat sold L. T. Wheat one heifer last week. Price \$20.

Rev. Crow, of Somerset, began a protracted meeting at Tab-

ernacle last week.

George Williams has sold his store and dwelling house to Charlie Herriford. Price unknown.

Frank Winfrey visited his brother, Sims, of Campbellsville, last week, who is leaving at once for Colorado for his health.

Working the road is the order of the day. The rocky hollow hill is much improved. The news will be pleasing to the traveling salesman.

Mr. James Weatherford and wife were visiting relatives of this community last week.

R. L. Beard will move to Edinboro, where he is engaged in the blacksmith trade. M. Beard succeeds Mr. J. C. White, who has gone to Campbellsville to take up trade. We wish them both success.

Mr. Garland Weatherford passed through here a few days ago with a nice bunch of calves which he bought near Pellyton, ranging from \$6.00 to \$12.00 apiece.

American Legion of Kentucky.

The Barren County Post No. 28, Glasgow, has served notice that the town is after the State Convention for 1922. An attractive circular from the Post Office announces the proximity of Glasgow to one of the Seven Wonders of the World and the special arrangements which will be made for visitors to the Convention to take in the Mammoth Cave. Old fashioned Kentucky hospitality, ample housing ar-

rangements and country ham and fried chicken galore are promised.

State headquarters announces the completion of arrangements for a great barbecue at Lexington September 2nd following the parade of Legionnaires attending the third State Convention. The barbecue will be furnished free by the Lexington Post and will be followed by a base-ball game between the two best District teams in the State. The base-ball contest will be under the supervision of the State Athletic Officer, George Chescheir, of Louisville and will be for the championship of the State. A silver loving cup and individual medals will be awarded the winners.

Chaplain John L. Weber, of the Chief Paduke Post No. 31, Paducah, has accepted the invitation of the Committee on Arrangements to respond on behalf of the State organization to address of welcome on the morning of the first day of the Convention, September 1st.

The Southeastern Passenger Association announces that special rates have been granted to Kentucky Legionnaires and their families attending the third State Convention at Lexington September 1st and 2nd. Reduced rates will apply from all points in Kentucky and from Cincinnati, Ohio and Jellico, Tennessee.

Henry J. Stites, of Louisville, announces call by General Roger D. Williams of Lexington of a preliminary conference on arrangements for the reunion of
